Proposal Overview

Solar LED lights are energy-efficient lighting solutions that harness solar energy to illuminate outdoor spaces. Ideal for gardens, pathways, and security, these lights provide reliable illumination without the need for electrical wiring.

Solar LED lights offer a sustainable and cost-effective lighting solution for outdoor areas, enhancing safety and aesthetics while promoting energy efficiency.

Technical Specifications

Item	Make	Specification
Solar PV Panels	Adani/Premier	BIFACIAL PERC DCR 540Wp
Inverter	KSolare/Growatt	String Inverter
Structure	MS/HDGI	Elevated Mounting
DC Cable	Polycab	4mm Tinned Cu UV Protected
MC4 Connectors	Staubli	1000V/1500V

Commercial Offer

Base Cost	₹ 3,50,000
GST @ 13.8%	₹ 48,300
Total (Incl. GST)	₹ 3,98,300
Government Subsidy	₹ 78,000
Net Investment	₹ 3,20,300

Warranty

- Solar Panels: 12 Years Product, 25-30 Years Performance
- Inverter: 8-10 Years
- Structure: 5 Years
- Balance of System: 5 Years
